

WHAT IS BNB PARADISE?

BNB Paradise is a 100% secured & decentralized staking application (dApp) that allows users to invest in a reward pool using BNB coin.

The dApp has three functions: Stake (Invest), Compound (Reinvest), and Withdraw (Cashout).

The base R.O.I is 0.68% daily with a total 250% APR. Compounding increases your chances of earning more.

HOW DOES THIS DAPP WORK

INTRODUCTION

You can think of staking as putting money in a savings account where your funds are put to work and in return, you earn rewards that are typically much higher than the interest rates offered by the traditional banks.

Basically, stakers who actively lock up their crypto holdings are participating in the network's consensus process and are in essence approving and verifying transactions on the blockchain.

WHAT IS STAKING?

In BNB PARADISE, when you stake your assets, you lock up your coins in a pool in order to participate in running a blockchain transactions and maintaining its security.

SECURITY AND SUSTAINABILITY

SECURITY

SUSTAINABILITY

BNB PARADISE is a 100% Decentralized staking smart contract. The contract is verified on the blockchain and its open source where anyone can verify its authenticity.

The staking pool is rug free with no backdoor or vulnerability. Meaning there are no functions that the CEO or hacker can use to drain or change the contract operations.

The probability of BNB PARADISE staking pool getting empty is highly unlikely due to our 0.68% daily return. Considering that many users are compounding their daily returns for larger future profits.

The Dapp works in a way that, if it over pay you, it will automatically adjust your earnings in the subsequent rewards distribution. That's why its called smart contract

HOW TO INVEST IN BNB PARADISE

- Create & Fund your Web3.0 wallet (Trust Wallet or Metamask) with SmartChain (BNB)
- Copy your upline registration link once your wallet is funded
- Open your trust wallet and click on browser, Paste the Link in the search bar then load it.
- Change the network to bnb smart chain, then reload and connect wallet
- Type in the amount of BNB that you want to stake
- Click on "STAKE" & then Approve Transaction.
- Claim your daily earning once you start getting rewards
- Compound (Reinvest) to earn more BNB on daily basis.

BENEFITS

- Earn passive income daily from monday to sunday for 365 days with no mandatory referral
- No withdrawal limit or minimum withdrawal. Amount Withdrawn goes directly to your trust wallet.
 - It's 100% decentralized. No hacker can hack it
 - Well designed interface and simple to navigate the dapp.
 - You have the Opportunity to accumulate more coins And Lots More...

This means Decentralized Applications. These applications are built on a decentralized network that consists of a smart contract (backend) and a user interface (frontend).

DApps are permissionless,' meaning anyone is free to use them. Indeed, many DApps include smart contracts others have written. They are also transparent and 'trust less,' meaning anyone can verify their authenticity and functionality.
